

CAPE High School Graduation/Completion Rates as of Nov. 2020

CAPE offers a program in which teaching and learning happens through integration and personalization. Our latest student demographics for the 2019-2020 year indicate that about 13% have mild/moderate, 3.2% have severe disability codes, 3% are coded as gifted/talented and 0.4% as gifted/disabled. An additional 79.76% of our students, though not coded, require supports and amended or modified programs, as demonstrated via assessments.

HIGH SCHOOL COMPLETION

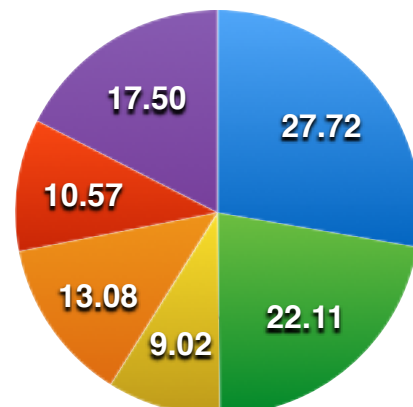

CAPE tracks its students as they move through high school and beyond. Of the students that attended CAPE for two years or more, 63.37% have responded to our inquiries. The following data clearly demonstrates the effectiveness of our program.
