

A student council is the HEART of student involvement. It's the most representative and powerful student organization because it works in the interests of all students. The Advisory Council will provide students with an opportunity to develop leadership skills, provide peer support, and work together with the School Wide Events committee. These students will be key in organizing and supporting fun days, concessions, and fundraisers.

Regular monthly meetings will be held during lunch from 12:15 - 12:45. If student representatives are away on meeting days, it is appreciated for a notification to be sent to one of the Council supervisors ahead of time, when possible. A tentative meeting schedule will be shared once the committee has been officially formed.

Student representatives will be expected to accurately and respectfully represent the interests of their classmates at the monthly meetings, and sharing information from the meetings with their peers. It is imperative for student representatives to actively participate in the activity planning and follow through with their commitment to the Council including volunteer opportunities and task completion. It is expected that representatives on the Student Advisory Council will conduct themselves with integrity, honesty, and exemplary behaviour.

Kind regards,
