The Great Lakes

One day I woke up when my mom said, its my first bear hunt, I got out of bed, I and got ready to go. I got my gear and ran to the door and lined up. Then I walked for a hour and felt a big paw, because a bear was behind me. I called for help then my tribe heard me and saved me. We celebrated for a few hours!

So everyday we drink water, we eat fish, corn, apples, and we live in longhouses. We live close to the great lakes.

When we explore we cant go into the forest.

If we had a pet we would take good care of it.
